

# Focus: Education

Access to education is one of the biggest issues facing many rural Indian children. By supporting government schools, paying teacher salaries, (helping the kids with their homework) and providing critical resources AIMS India has improved the lives of thousands of children over the past 19 years through education.

## Provided funding for Secondary School Teachers

Agarapettai, Tanjore 2015- (ongoing)

AIMS India provided Adi Dravidar Govt Higher Secondary School in Agarapettai with funds to cover the salaries of three teachers focusing on Tamil, computer science, and english. The funds also went towards purchasing essential school resources.

## AIMS Teaching Assistance (ASTA)

Kanyakumari, Tamil Nadu 2010- (ongoing)

Working alongside NGO Partner, CARE-T, AIMS has helped to provide 28 teachers to 28 government schools in Kanyakumari, Tamil Nadu since 2010. This partnership has benefited over 1,800 students by improving their access to a quality education.
